

BLUE LAGOON

Take inspiration from the ocean and make a splash with marine-like paint colours by Resene. To set the mood, dive head-first into the blue with vibrant Resene Allports, or brave the depths of Resene St Kilda. If shallow waters are your territory, wade in the more subdued energy of Resene Hippy Blue, or dip your toes into a touch of Resene Cut Glass or Resene Gull Grey.

FANTASY ISLANDS

Is the heat of the tropics calling your name? Let the walls of your abode take you on a balmy getaway via vibrant pops of Resene colour – no air travel necessary.

SMOKIN' HOT

As the temperature rises outside, up the ante inside the house as well with these hot Resene hues. Enliven your interior with vivacious, joyful shades such as Resene Roadster, Resene Smitten and Resene Sebedee, or take a slightly more chill tack with sunset-esque Resene New York Pink or warm brick Resene Crail.

Visit your Resene ColorShop for more inspiration.
Colours are depicted as accurately as the printing process allows. Always trial your favourites using Resene testpots before making your final choice.
