

★☆☆ Difficulty level ★ easy ★★ moderate ★★★ challenging

Toys and Games
with Mark Rayner – 38

You will need:

- Paintbrushes
- Resene Aquapel & Terracotta Sealer
- Terracotta pot
- Resene testpots of Resene Alabaster, Resene Black, Resene Dancing Girl, Resene Get Reddy, Resene Pukeko, Resene Tomorrow and Resene Yowza

Encourage kids to get back to nature with this fun pot for growing plants.

To get the look:
Mark painted the background shelf unit with Resene Lustacryl tinted to Resene Ballerina.

Step one
Apply one coat of Resene Aquapel & Terracotta Sealer to the inside and outside of the pot and allow to dry.

Step two
Apply two coats of Resene Pukeko to the outside, top edge and inner rim of the pot, allowing two hours for each coat to dry.

Step three
Paint eye shapes on the front of the pot using Resene Dancing Girl and allow to dry.

Step four
Paint the lips, as shown, with Resene Get Reddy and allow to dry.

Step five
Paint an iris in each eye with Resene Yowza and allow to dry.

Step six
Paint the eye details, nose and mouth opening with Resene Black and allow to dry.

Step seven
Paint the teeth with Resene Tomorrow and allow to dry.

Step eight
Paint a highlight in each eye with Resene Alabaster and allow to dry.

Other ideas:
For a green effect paint the pot with Resene Kermit, the lips with Resene Dizzy Lizzy, the eyes with Resene Tutti Frutti and Resene Wham, and the teeth with Resene Sherbert.
