

★★★ Difficulty level ★ easy ★★ moderate ★★★ challenging

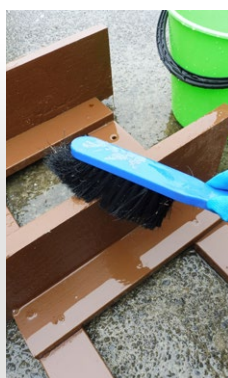

Weekend DIY with Mark Rayner – 52

### You will need:

- 50mm galvanised flat head nails
- Bucket
- Clean cloth
- Garden hose with clean running water
- Hammer
- Paintbrush
- Previously painted garden shelves
- Resene Moss & Mould Killer
- Resene Paint Prep and Housewash
- Resene Lumbersider tinted to Resene Ciderhouse
- Rubber gloves
- Sandpaper
- Stiff-bristled brush

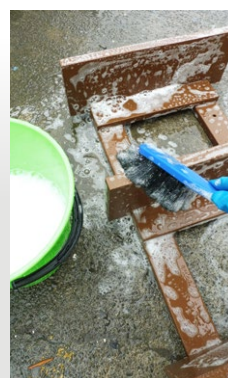

**Step one**  
Mix one part Resene Moss & Mould Killer to five parts clean water.

**Step two**  
Wearing rubber gloves, thoroughly soak the shelves with the solution and leave for 48 hours.

**Step three**  
Mix one part Resene Paint Prep and Housewash to three parts clean water.

**Step four**  
Scrub the shelves vigorously with the solution using a stiff-bristled brush.

**Step five**  
Rinse off with clean water and allow to dry.

**Step six**  
Lightly sand the shelves with sandpaper to 'key' the surface and wipe off any sanding residue with a clean cloth.

**Step seven**  
Apply two coats of Resene Ciderhouse to the shelves, allowing two hours for each coat to dry.

**Step eight**  
Fix the shelves to the fence with nails and touch up the nail heads with Resene Ciderhouse. Allow to dry.

Smarten up some old painted outdoor shelves with a little bit of help from Resene.

**To get the look:**  
Mark stained the fence with Resene Waterborne Woodsman tinted to Resene English Walnut.

### Other ideas:

For a soft pale effect, paint the shelves with Resene Lumbersider tinted to Resene Chalk Dust.
