Resene art with Mark Rayner – 63

### You will need:

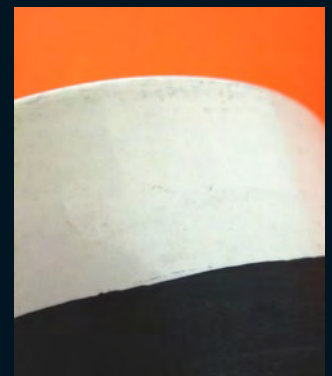

- Ceramic mug
- Chalk
- Clean cloth
- Paintbrush
- Paint stirrer
- Resene Blackboard Paint
- Resene Smooth Surface Sealer
- Sandpaper

Turn simple ceramic mugs into works of art with a little bit of help from Resene.

### To get the look:

Mark painted the background table with Resene Enamacryl tinted to Resene Orang-atan.

**Step one**  
Lightly sand the outside of the ceramic mug (starting approximately 20mm down from the rim).

**Step two**  
Wipe off any sanding residue from the mug with a clean cloth.

**Step three**  
Carefully stir the Resene Waterborne Smooth Surface Sealer with a paint stirrer.

**Step four**  
Apply one coat of Resene Waterborne Smooth Surface Sealer to the outside of the mug (starting approximately 20mm down from the rim). Allow to dry.

**Step five**  
Carefully stir the Resene Blackboard Paint with a paint stirrer.

**Step six**  
Apply one coat of Resene Blackboard Paint to the outside of the mug (starting approximately 20mm down from the rim). Allow to dry.

**Step seven**  
Apply a second coat of Resene Blackboard Paint and allow to dry.

**Step eight**  
Write your chosen hot beverage on the front of the mug with chalk.

### Other ideas:

For a more colourful effect try one of the other Resene Blackboard Paints – these are available in green, blue and pink.
