

You will need:

- Ice block stick to stir paint
- Paintbrush
- Paper maché hand
- Resene Aquaclear Gloss
- Resene Quick Dry
- Resene testpots of Resene Bullion and Resene Porsche

Step one
Paint the paper maché hand with one coat of Resene Quick Dry and allow two hours to dry.

Step two
Paint the paper maché hand with one coat of Resene Porsche and allow two hours to dry.

Step three
Carefully stir the Resene Bullion with an ice block stick, as shown.

Step four
Paint the paper maché hand with one coat of Resene Bullion and allow two hours to dry.

Step five
Once again, carefully stir the Resene Bullion and apply a second coat to the paper maché hand. Allow two hours for the paint to dry.

Step six
To make the hand nice and shiny apply three coats of Resene Aquaclear, making sure you allow two hours for each coat to dry. So cool!

Create this fabulous golden hand and use it as a funky paintbrush stand or even as a display for your favourite jewellery.

Top tip:

If you're not able to buy a paper maché hand, you could always make your own out of cardboard, newspaper and paste.

Here's another idea:

This brilliant metallic blue hand was painted with Resene Astronaut and Resene Time Warp.
