

★★★ Difficulty level ★ easy ★★ moderate ★★★ challenging

Resene kids art with Mark Rayner – 8

### You will need:

- Glue
- Large plastic juice bottle
- Masking tape
- Paintbrushes
- Resene Quick Dry Acrylic Primer Undercoat
- Resene Testpots in the following colours: Resene Alabaster, Resene Black, Resene Cosmos and Resene Studio
- Scissors
- Two toilet roll tubes
- White pipe cleaner

#### Step one

Remove the screw cap, cut a slot in the top side of the juice bottle and cover the edges with masking tape.

#### Step two

Cover the entire bottle and cap with torn off pieces of masking tape.

#### Step three

Cut the toilet roll tubes in half and attach to the bottom side of the bottle with masking tape.

#### Step four

Paint your piggy bank with one coat of Resene Quick Dry Acrylic Primer Undercoat. Allow to dry then paint with two coats of Resene Cosmos.

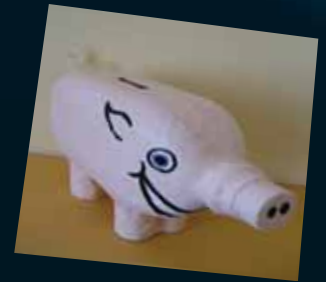

#### Step five

Paint two eyes and a big smiley mouth with Resene Alabaster. When this has dried paint the inner eye with Resene Studio. Allow to dry.

#### Step six

Paint details around the mouth, eyes and ears with Resene Black. Finish off by gluing on a curly pipe cleaner tail – now get saving!

### Top tip:

You could paper mache with newspaper and glue instead of masking tape.

### Here's another idea:

This polka dot money box was made from an old yoghurt pot and testpots of Resene Spritzer and Resene Bright Red.
