Resene kids art with Mark Rayner – 99

### You will need:

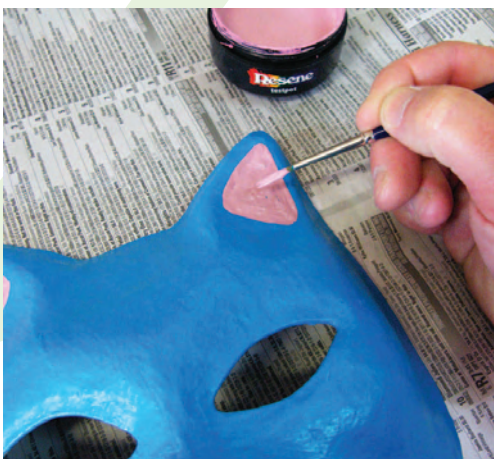

- Paintbrushes (including an artists' brush)
- Papier-mâché cat mask (ours came from 'Spotlight')
- Resene Art Action Quick Dry
- Resene testpots in the following colours: Resene Bowie, Resene Nero and Resene Tapestry

**Step one**  
Paint the cat mask with one coat of Resene Art Action Quick Dry and allow two hours to dry.

**Step two**  
Apply two coats of Resene Bowie to the mask, allowing two hours for each coat to dry.

**Step three**  
Paint the inner ears and nose of the cat with two coats of Resene Tapestry, allowing two hours for each coat to dry.

**Step four**  
Paint the remaining face details with Resene Nero, as shown, and allow two hours to dry. What a cool cat!

It's easy to turn a plain papier-mâché mask into a purr-fect masterpiece with a little bit of help from Resene.

### Top tip:

If you don't have a papier-mâché mask, simply cut out a cat face from a piece of strong cardboard.

### Here's another idea:

This hot starburst mask was painted with Resene Black, Resene Get Reddy and Resene Supernova.
