

# NOW THERE IS A NEW ECONOMIC PACK SIZE FOR OUR NEW GENERATION ACRYLIC PAINT...

## Resene Sonyx 101

Sonyx 101 Semi-Gloss Acrylic is firmly established as a superior acrylic, ideally suited for a broad range of exterior applications.

Now this ultra tough performer is available in an economic and convenient size - 10 litre pails.

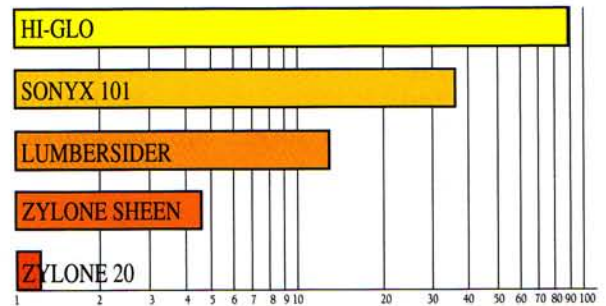

With a gloss level between Resene Lumbersider and Hi-Glo, Sonyx 101 is the perfect choice for :-

- Concrete and all cementitious surfaces
- Insulclad
- Fibre Cement
- Brick and blockwork
- Re-paints

Sonyx 101 is also ideal for older weatherboard homes where a high gloss finish would draw attention to any imperfections.

Already proven in exacting commercial environments for many years, Sonyx 101 is significantly more durable than older PVA based paints.

Gloss level (%) measured at 60% incidence
